

Serasa Experian and ACE Cortex,

This is Celina. She's a Community Health Worker, and she walks to Brazil's most remote homes every day, earning 2 minimum wages.

Will you help us take care of her?

The background image shows two people walking away from the camera on a path through a field. The person on the left is wearing a white t-shirt with 'UNITE COMUNITADE DE SAUDE' printed on the back. The person on the right is wearing a white lab coat and carrying a bag. The sky is overcast and grey, with power lines visible in the distance.

The **Mental Health** Network for the Public Policy of the future.

Built on *evidence*.

The world's largest public health system **doesn't even measure, let alone care for**, the mental health of the people who sustain it.

Three out of four people who make up SUS are women.

No plan B

76%

of Brazilians depend on SUS. That's 162 million people with no private plan.

Does caring make you sick?

81.1%

of healthcare professionals link their own illness to their work.

Nearly all of them

97.6%

of education professionals link their own illness to their work.

WE CARE FOR **PUBLIC SERVANTS** TO TRANSFORM CARE IN BRAZIL.

~0.5 mi

medical leaves for
mental disorders in
2025. A decade record.

~R\$ 3.5 bn

Yearly cost of medical
leaves (INSS).

Worsened by underreporting and a lack of data.

The future has already arrived.

We connect public service teams with psychologists trained in the PAAPS method.

Frequency

1h30

per month, with each team in the public network.

Reach

~10

Public Servants per hour of the psychologist's work.

Cascade

Care for the population improves along with it, and it's measurable.

Caring for the front line, impacting the world: Quality Psychology present to care for and integrate teams.

PAAPS Team Circles have 3 phases.

Toward the work

case elaboration · relationship and bond with those being served · the team's collective demands

Toward the team

collective handling and conflict mediation · communication agreements · peer learning, Social Health and cooperation

Toward myself

emotional self-regulation · safe sharing · protective professional bond in more serious mental health cases

The 4th phase is weekly Supervision for PAAPS Psychologists.
Quality and impact live in the methodology.

PAAPS Client Journey

- 360° Diagnosis
- PAAPS Team Circles
- Support Point
app and real-time data

"Training managers, working with the team" is the WHO's only strong recommendation on mental health at work.

WHO points to universal psychosocial interventions for health, humanitarian and emergency workers to:

1. Build Stress Management Skills

2. Reduce Emotional Distress

3. Improve Work Effectiveness

(WHO, 2022, p. 44)

A similar model has been licensed in the UK and Ireland since 2009.

Scale
200+

organisations running the monthly team session.

Schwartz Center
Boston

licenses the model yearly to the organisations that run it.

+1,150

people directly impacted
by PAAPS's **field research**.

Desterro do Melo (MG), 2024

A full year inside the everyday public network of a small inland city, with health and education fully covered.

► In the media
Tô Indo, Globo

Complexo da Maré (RJ), 2025

Weekly sessions with mothers from a municipal school, over one year.

► In the media
TV Bandeirantes

Rio Municipal Network, PROINAPE, 2025

Over 300 hours of psychological on-call support and groups.

Bela Vista de Minas and Materlândia (MG), 2025

Over 180 public servants followed, and PAAPS's first public management diagnosis.

The four field studies were conducted for a symbolic fee, in partnership with university research projects, local initiatives and community tourism.

R\$ 1.16 mi

billed by DIGGING over the last four years.

In 2026, the 3 partners are beginning a related diversification phase, and are about to scale the new revenue engine. There's solid demonstrated interest following the end of public spending restrictions during election periods.

The leadership and team-development technology that large companies have been buying since 2003 had never reached a municipality before. That's what PAAPS brings.

Services

Organizational Development Consulting, Dialogue Facilitation and Nonviolent Communication, Conflict Mediation, Culture Projects (Barrett), Corporate Education, Team Building, Executive Mentoring and Coaching.

Ownership

Founded and led by two women. **Former Head of Strategic Planning at Grupo Pão de Açúcar** and **former CFO at FEBRABAN**, partners in the same company.

Digging is the consultancy of choice for leadership and team development at companies including:

60.1%

contribution margin per Team Circle.

Price
R\$ 1,100

per Team Circle, 1h30.

1 municipality, 500 Public Servants covered

Contract
R\$ 924k per year

R\$ 77k MRR

Business Model

Deliverables. At least one monthly Circle per team, with room for more; strategic sessions with leadership and one monthly training or extra circles.

Team. 2 local or regional psychologists. ~**R\$ 144k a year** in salary, circulating within the municipality itself.

Scale and retention. PAAPS supervises, licenses the method. Local Psychologists have a possible internal career path.

Quality and impact. 1 clinical supervisor per 7 municipalities. 1 customer success manager per 10.

R\$ 26.9 mi

forecast in the record (May 2026) to
cover public servants' mental health.

TAM

5,570

Brazilian municipalities, all with health,
education and social assistance teams.

SAM

2,550

municipalities above 10,000 residents, which
support a direct contract or license: about R\$
724 million a year.

SOM

100

municipalities in five years, with a projected
R\$ 13.5 million in year-5 revenue.

57,120

Team Circles held

**34,000**

Public Servants reached

**28**

PAAPS team

**R\$ 13.52 mi**

Revenue

**R\$ 1.97 mi**

Medical leave avoided, in payroll cost

run by the PAAPS team run by the networks that license the method

LTV

~R\$ 672k

in **accumulated margin** per municipality, over four years

MARGIN

60%

contribution margin on every PAAPS Team Circle

BREAK-EVEN

0.26

of a single municipality already covers the entire company's fixed structure

CAC

to be built

paid ads, AI-driven email marketing, marketing and branding, visit and signing trips, physical materials

From one network at a time to a national mesh, with practically the same fixed structure.

APP

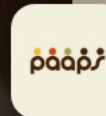

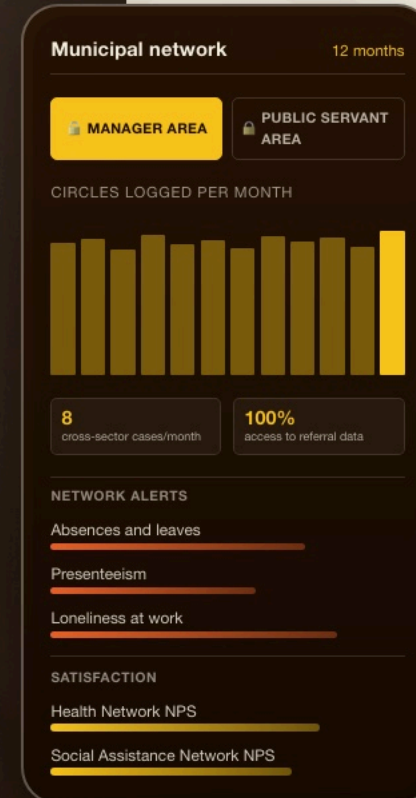

SUPPORT POINT FOR PUBLIC SERVANTS

0

national statistics on municipal public servants' illness.

PAAPS will be inside the network every month, and every Circle becomes a record.

Data collected by PAAPS Psychologists, updated monthly, with no individual sensitive data.

Support Point
for Public Servants

Serasa already reaches
the public servant through
eConsig. What's missing
is data on their health.

eConsig

600+

agencies across all three levels of government
use Serasa's payroll-loan platform.

Debt

78%

of Brazilians in default earn up to two
minimum wages. The municipal servant earns
R\$ 2,640.

Exhaustion

46%

of indebted workers report extreme
exhaustion.

Consequence. Twice the chance of a care error when the
person providing care is **burned out**.

PAAPS's core skills are already covered by the seed team.

Mallu Vasconcellos

Founder of PAAPS Brasil. Psychology student (PUC-SP and PUC-MG)

Fabiane Vasconcellos

Founder of DIGGING, partner at PAAPS Brasil. Former Head of Strategic Planning at Grupo Pão de Açúcar. Executive coach and group psychoanalyst, 25 years in management and executive roles and 12 in consulting

Gustavo Faria

Community and relationship specialist, with a community-led growth strategy

Luiz Sérgio Barbosa

Financial consultant at PAAPS Brasil. Former CFO at FEBRABAN, with 45 years of career in the Brazilian banking system

Psychologist Gabriela Diniz

Supervision on the PAAPS Brasil methodology

Psychologist Lucas Pimenta

Supervision on the PAAPS Brasil methodology

The team scales with **secure use of Artificial Intelligence for operations.**

+120 psychologists in the active community

+500 professionals trained, served or mobilized by PAAPS's field research

This is how future-proof Public Policy is
born.

Caring for the people who care for Brazil,
today.

Email: relacionamento@paaps.com.br

How we got to these numbers.

LTV

~R\$ 672k

Year 1 (direct delivery): $R\$ 924k \times 60.1\% = R\$ 555k$. Years 2 to 4 (Base license): $R\$ 64.8k \times 3 \text{ years} \times 60.1\% = R\$ 117k$. **Total: R\$ 672k over 4 years.**

MARGIN

60%

A Team Circle costs the municipality R\$ 1,100 and costs PAAPS R\$ 438 (2 CLT-employed psychologists, supervision, orchestration and tax). **R\$ 662 margin: 60.1%.**

BREAK-EVEN

0.26

The company's fixed structure: R\$ 12k a month, with no partner pay in year 1. Margin from a single municipality: R\$ 46.31k a month. **$R\$ 12k \div R\$ 46.31k = 0.26$ of a municipality.**

MODEL ASSUMPTIONS

Fixed structure of R\$ 12k a month, growing to R\$ 150k by year 5. R\$ 10k a month in partner pay for the partner running PAAPS. Exit from Simples Nacional in year 3. **360° Diagnosis at R\$ 10k: the entry point, booked as a commercial investment.**

We're looking for ACE Cortex's and Serasa Experian's deep expertise to make our projections even better, and more precise.
